

Testimonials

Hello Tim:

Thank you very much for this very detailed report. Also thanks for the quick response. Very thorough and well done.

J

Hi Tim,

I can't tell you enough how much I appreciate your thorough home inspection. I felt confident that everything was being checked and that I would know exactly what I was getting into with my purchase. You really went above and beyond to check things and even go back out to inspect a few items as they were completing the work. I also appreciate your offer to answer any questions beyond the inspection. I have already recommended you to several people who were also beyond impressed with your work.

Thank you,
B

Thanks again, Tim!

You did outstanding work from start to finish! I will not hesitate to recommend you to my network of relationships.

As a result of your careful drone inspection of the roof, we were able to negotiate with the sellers to have the roof replaced.

Hope to see you around town soon!

Your friend,
T

Thanks Timothy for the thorough inspection. The Inspection report was very detailed and well put together. I will recommend your services to anyone I know that needs a pre-purchase inspection.

Thank you,
J

Good Morning Mr. Wilson,

Yes, I would like for you to re-inspect the property at _____ once the repairs have been made.
Thank you so much for your help! It is truly appreciated!

With Sincere Thanks,
J

Tim, you completed an outstanding inspection report on my townhome. Your inspection was very thorough (from top to bottom, inside and outside!) and you were able to identify many repairs that needed to be done to the house. Once your inspection report was received with the convenient "summary of repairs" included, my agent was able to negotiate a repair disclosure with the sellers, which took off over \$4,000 of the asking price. I will recommend you to all of my neighbors and friends, and any real estate agents that I talk to through networking. You are exactly the right inspector that a buyer needs on their side!

B

Thank you for teaching me the ins and outs of the home inspection.

A
